Monthly Bulletin Article - September, 2005 Issue

Welcome to a new year of Sisterhood and its many activities at Temple Beth Shalom. This could be a great opportunity for "old and new" to get involved in our synagogue community, and to make new friends and renew friendships. Temple Beth Shalom Sisterhood invites you to join us in membership and strengthen the women in our synagogue.

Working together, our Sisterhood supports the TBS congregation and religious school and enhances our youth programs. We are very proud of our educational, cultural and social programs and activities which help all of us.

When you are a member of our Sisterhood --

You are also a member of Women's League for Conservative Judaism, an international organization that is a vital participant in the deliberations of the International Jewish community;

You add your voice to the 100,000 Conservative Jewish women in our more than 700 Sisterhoods throughout North America, England and Israel, and your membership makes a difference when the Women's League for Conservative Judaism speaks;

You also receive the wonderful publication, Outlook, which is published three times each year by the Women's League for Conservative Judaism;

You support the work of our Sisterhood at Temple Beth Shalom.

And through your membership there is the knowledge that even if you don't have the time to attend all of our meetings or programs, payment of your annual dues supports meaningful, educational, cultural, religious and social action programs that are vital to our Jewish community.

Our meetings and events are scheduled to try to meet the needs of all of our members. In addition, there are countless opportunities for participation in many projects and programs.

We look forward to welcoming you to our meetings, programs and events in 2005-2006.

If you have any questions I may answer, feel free to call me at 602-999-9991.
